

President & CEO Opportunity

Cornerstone Alliance is seeking a President & CEO to provide leadership and vision in driving the economic development strategies of Michigan's Great Southwest. Positioning the region as the first choice for relocation and business investment, the President & CEO is responsible for overseeing the administration, programming, and strategic planning of the organization while driving enthusiasm about the opportunities in the region. Positioned in Berrien County, Michigan, Cornerstone Alliance knows that the community can achieve inclusive growth by taking proactive measures that support more opportunities for all.

The President & CEO of Cornerstone Alliance is the key management leader driving measurable growth by actively investing in a sustainable and favorable business climate, through accessibility and talent pipelines, and a visible commitment to supporting businesses. Reporting directly to the Board of Directors, the President & CEO has responsibility for leading the team in delivering customer-focused economic development solutions through partnerships that grow employment opportunities, increasing the tax base, and adding to the economic vibrancy of the area. Consisting of a team of 10 talented professionals and a budget of nearly \$3M, Cornerstone Alliance strategic plan represents the economic, community, and physical development priorities for Berrien County and its municipalities with specialized business services offered in economically distressed areas.

Under the leadership of the President & CEO, Cornerstone Alliance will position the community for sustained success in gaining new investments to attract business and talent to fortify the region's economic competitiveness.

Highly qualified and experienced economic development leaders with a deep knowledge of business attraction, retention, and expansion strategies, organizational excellence, and community leadership are encouraged to submit a resume, letter of interest, and references to: CornerstoneAlliance@winnerpartners.net.
